## QHSE POLICY....

Safety is a company core value at Saleh Hamad Al-Qahtani Est. As part of the commitment, all management personnel, from our project engineers to our CEO, complete advanced Safety training. We hold monthly companywide safety meetings. The safety meetings are led with a specific training topic, followed with discussions on industry best practices, & closed with the sharing of lesson learns from any applicable incident(s) or near miss(s) that were reported in the prior month. In addition to, and separate from the safety meeting, each specific project site hazards are evaluated prior to the start of work and then a specific safety plan is developed to be used for training purposes and guidance on each said project. All job sites will have ongoing site-specific safety training, weekly tool box talks, and daily job hazard analysis throughout the duration of the project.

The above listed proactive safety measures are one of many that Saleh Hamad Al-Qahtani Est has implemented in effort to aid in training its employees on proper safe procedures, correcting unsafe behaviors/ conditions, identifying hazards, and ensuring proper mitigation controls are in place to reduce likelihood of incident occurrences. We strive for ZERO injuries each year.

Our HSE Managmnet & Team are well equipped to ensure Zero Loss Time Incident at all our construction Project & Sites.
